

Blade Magazine Editorial by Steve Shackelford

Blade Magazine Editor Steve Shackelford wrote an excellent editorial, "They Are Coming After Us," in the November issue. His conclusion is most apropos to our effort to organize; "In his efforts to bring down an industry, it may just be that he (Mike Fritz, author of the WSJ article) stumbled on a way to unite it." All I can say is "amen to that." You can read his entire editorial at www.KnifeRights.org/unsheathed_november.pdf
