

Knife Rights off to NRA

I just finished packing up our Knife Rights buttons in preparation for the NRA Annual Meeting in St. Louis. Board members Alan Romania and Tom Gresham will also be attending. We started Knife Rights too late to get a booth this year, so Alan and I will be in the aisles handing out our Knife Rights buttons and spreading the word about Knife Rights.

As I have said before, NRA members "get it." We just need to reach them and the NRA Annual Meeting is an obvious choice. We have already had a number of Knife Rights members who will be in St. Louis contact us to help out passing out buttons. If you will be attending and would like to help, please drop us an email. The more Knife Rights buttons that are seen, the more buzz it will create and the more members we will recruit.

See you in St. Louis!
